Missouri and the Aviation world lost icon **Mildred Pearl "Micky" Smith Pinkston** on April 15, 2016 ... I did not realize that they had moved her from Springfield to The Good Samaritan Society Nursing Home in Olathe, Kansas prior to her passing. Micky began her flying career at age 51 with son, Jerry, as her flight instructor and the rest is history ... from the Queen

of the Missouri Flying Farmers to perseverance in advocating for General Aviation and encouraging pilots to continually seek training to be more proficient and safety conscious in the "Wings" program. On May 5<sup>th</sup>, 2001 at the State Convention, the Kansas City Chapter presented Micky with gifts and a framed citation to mark the inauguration of the logo of the KC Chapter ... that Piper in the KC logo is Micky's Piper Warrior (N75147) in which she logged over 5,000 hours ... the first paragraph of that citation reads: "This citation is presented to you, Micky Pinkston, in grateful appreciation, to mark the inauguration of the logo of the Kansas City Chapter of the Missouri Pilots Association, and to recognize your aviation achievements. Your foresight and imagination led to the concept and design which signifies flight breaking the bonds of earth, soaring over the fountains of Kansas City, the lifeblood the Heart of America.

"Micky will be laid to rest next to Floyd at the MO Veterans Cemetery in Springfield ... no formal services are planned at this time ... I urge you to read her obituary in its entirety which can be found at [www.legacy.com/obituararies/kansascity](http://www.legacy.com/obituararies/kansascity)
